Education

09/2014 - 09/2017 — *La Mannouba. Tunisia*

SOFTWARE ENGINEER

National School of Computer Science

- Software design and development
- Complexity
- Concurrent/parallel programming
- Operational research
- Graphs theory
- Artificial Intelligence

09/2012 - 09/2014 — *Nabeul, Tunisia*

ENGINEERING STUDIES PREPARATION

Preparatory Institute for Engineering Studies of Nabeul

- Informatics
- Analysis
- Physics
- Algebra

09/2008 - 09/2012 — *Gafsa, Tunisia*

HIGH-SCHOOL DIPLOMA

Pioneer High School of Gafsa

Experience

06/2016 - 09/2016 — *Report; https://goo.gl/XAunc2*

Design and Development of an iOS/Android app

Best Web Mobile - Internship

- During this internship I designed developed an app that lets users sign up, create, rate, see and invite their friends to events
- React-Native, Realm, Node, Sails, Passport, ES6, MongoDB, Photoshop

05/2016 - 06/2016

Development of a React-Native tags package

Freelance

- A React-Native package that allows users to automatically add tags on separate boxes and save them into an array for further use

01/2016 - 04/2015 — *Report: https://goo.gl/6knVp5*

Design and Development of a real-time web app

School Project

- During this school project, we (3) designed and developed a platform for a community containing a forum, a MOOC and a mentorship section.
- Node.js, Express, Passport, ES6, MongoDB, Angular, Photoshop, Git
- Github: https://goo.gl/JHSGXU

01/2015 - 03/2015 — *Report: https://goo.gl/XAunc2*

Development of a graphs simulator solution using C++

School Project

- Our aim was to create an app that simulates major graphs algorithms (Dijikstra, Ford, Bellman, Fulkerson) / Github: https://goo.gl/lGB4Ao

10/2015 - 12/2016

Design and development

Community work / Freelance

- Open source magazine 4 and 5: link: https://goo.gl/6qY97Y
- http://tunihack.ossec.tn & https://mounirdhahri.github.io/gdg-ensi-website/
- Angular, Html, Css, Javascript, CMS(wordpress, phpbb, vbulleting),centOS,

Skills & Competences

- HTML, CSS, Javascript
- C++, PHP
- Python, C, Qt, Angular
- Node.JS, Git
- ExpressJS, SailsJS, PassportJS
- React-Native, Realm
- MySQL, PL/SQL
- MongoDB
- Local and wireless networks
- IDE's: Xcode, PhpStorm, Atom
- UI/UX
- Photoshop, Illustrator, Lightroom
- 3D Vision & Shapes Recognition
- MATLAB, VTK

Student Clubs and Organizations

Designs managar at Open Source Software ENSI CLub, Netlinks and AIESEC Nabeul (10/2012 - 06/2016)

President & Co-Founder of Google Developers Group at ENSI (04/2015 - 05/2016)

Languages

Arabic
Native or Bilingual

French
Expert

English
Upper-intermediate

German
Beginner

Interests

Football | Video Games | Reading | Open Source | Technology | Community work
